

Opportunities in the Ontario Forest Bioeconomy

Ontario and Northern Europe Alliances

November 7, 2014

Agenda

- 2:35pm Welcome and Introductions
Bob Hancherow, General Manager - Marathon Economic Development Corporation
- 2:40pm Opening Remarks
Mayor Rick Dumas, Town of Marathon
- 2:45pm Opening Remarks
Chief Duncan Michano, Pic River First Nation
- 2:50pm Session Overview, Biomass Innovation Centre Overview
Francis Gallo, Community Seminar Liaison - Biomass Innovation Centre
- 3:00pm Biomass Opportunities in Marathon and Surrounding Region
Bob Hancherow, General Manager - Marathon Economic Development Corporation
- 3:10pm Nawiingnokiima Forest Management Corporation (NFMC)
Daryl Skworchinski, Chair of NFMC and CAO Town of Marathon
- 3:20pm Canadian and Finnish Alliance Opportunities
Matti Kymenvaara, Project Manager - Spinverse Ltd. (head of Finnish delegation)
- 3:30pm Canadian and Finnish Trade Opportunities
Seppo Vihersaari, Canadian Trade Commissioner to Finland
- 3:40pm Joensuu Region Development Company
Jouko Parviainen, Program Manager - JOSEK
- 3:50–5:20pm **B2B Meetings**
- 5:20pm Naturallia 2015
Alain Thivierge, Director of Economic Missions - RDÉE Ontario Alliances
- 5:25pm Closing Remarks, Next Steps
Dawn Lambe, Project Manager - Biomass Innovation Centre

Northern Europe Delegation

- Interest in Ontario's forest management practices and bioeconomy
- Energy Opportunities Conference
- Visit and study tour of northern Ontario
- B2B meetings
- OPPORTUNITIES!!!

Think about how your organization can support this region's bioeconomy!

Biomass Innovation Centre

Fueling growth through clean technology

Mission:

To help grow a robust and sustainable bioeconomy in northern Ontario, driving innovation through research, education, and capacity building

Educate > Develop > Implement

Biomass Innovation Centre

We work with organizations/individuals to:

- Identify biomass supply opportunities in the forestry and agricultural sectors
- Support projects that transform biomass into fuels and high-value products
- Develop market and capacity for bioproducts throughout full supply chain

Our Services Include:

Education, technical marketing, advocacy, research, strategy sessions, workshops, outreach AND MORE

Educate > Develop > Implement

Biomass Curriculum and Training

- Continue to embed content into Ontario college and university programs
- Training sessions for students and professionals
- Developing an online Training Portal
- Developing a Certificate in Bioeconomy Development

Educate > Develop > Implement

Bioeconomy Strategy for Northern Ontario

- Union of Ontario Indians (UOI) signed a MOU with Biomass Innovation Centre towards development of a bioeconomy strategy for northern Ontario
- A few activities within Strategy:
 - Inventory of available fibre supply
 - Mapping the current capacity for bioproduct development
 - Identify priority pilot projects for immediate planning
 - AND MORE

Educate > Develop > Implement

Project – Nor-Arc Steel Fabricators

- Assessing communities to implement a pilot project involving Nor-Arc's mobile biomass combustion units
- Identify end users (remote or connected), collaborate with select communities, feasibility analysis', project implementation
- District heating from forest biomass
